Wild and everyday florals are celebrated in this direction, composed in micro to large scales where density is key-either rhythmically organized or seemingly scattered. Styles vary from naively rendered, to thicker and bolder brushstrokes that takes on an abstract look.

Experiment with color palettes-from desaturated yellows, blues that bring together highs and lows, complementary or harmonious pairing for an eye-catching styles that perfectly fit any modern interiors.

As flower-based patterns never go out of style - Our Bloom collection dare to take a step further and can convert any interior environment that appeal and intrigue.

The background of the image is a dark, solid blue. Overlaid on this are several organic, flowing shapes in a bright yellow-orange color. These shapes resemble petals or leaves, with some being more solid and others more translucent. They are arranged in a way that suggests depth and movement, with some shapes appearing in the foreground and others receding into the background.
