**Rich layered textures married with modern geometric pattern, Welspun GeoGrid collection aims to create a contemporary interior with universal elegance.**

**Striking geometric shapes comprise swirls, distorted squares and triangles that stand out in contrasting colours with reawakening textures that bring a new dynamic to a space that can tell a new story.**

**Geogrid collection-a spirit of dynamism infused new geometric designs that oscillate and shape-shift, creating powerful effects for a timeless and stylist hospitality or commercial spaces.**

# **Geo-Grid**

The background of the image is a complex, abstract geometric pattern composed of numerous dark blue, black, and light blue hexagonal tiles. These tiles overlap and are arranged in a way that creates a sense of depth and perspective, resembling a stylized landscape or a microscopic view of a crystal structure. The overall effect is modern and minimalist.

ABSTRACT

GeoGrid 01

WA1340-001

The background of the image consists of a dense, abstract pattern of dark, wavy, layered lines. These lines create a sense of depth and movement, resembling the edges of numerous stacked, curved pages or perhaps a complex, organic structure like a brain. The lines are primarily dark brown or black, with some lighter, off-white or cream-colored lines that stand out, particularly in the center and along the edges. The overall effect is one of organic complexity and depth.

The background of the image is a complex, abstract geometric pattern. It consists of numerous triangular facets of varying sizes and orientations, creating a sense of depth and perspective. The colors used are shades of blue and white, with some darker blue facets appearing in the upper left and lower left areas, and lighter blue and white facets appearing in the upper right and lower right areas. The overall effect is reminiscent of a modern architectural structure or a complex crystal formation.
